

The HERITAGE MAPS Project

Trondarnes Museum, Harstad, Norway

Will produce a map introducing the Viking and Medieval history of Hålogaland 900-1200. (Hålogaland: the Norse name for N-Norway in the Sagas). The aim is to create more awareness and understanding of the history of the area. Create a tool for learning and tourism based on Culture History from the period 900-1200 in Hålogaland. Initiate more local and regional interest in the tradition of storytelling from the period 900 -1200 in Hålogaland.

Contact: Ole Jakob Furset ole.j.furset@tdm.no

Trondarnes church, North Norway.

Hollókő village, Nógrád County, Hungary.

András Fáy secondary vocational school, Hungary

Will produce a map introducing the history and legends of Nógrád County in Northern-Hungary. The aim is to increase the understanding and importance of old stories in the area. Will be useful for the students in the AF vocational school as motivation to learn and read old stories and to study history, geology and tourism.
